

# Payroll Record Audit Activity in the Northeast

The Immigration and Customs Enforcement Agency (ICE) has increased activity in our region. ICE officials are showing up on farms with subpoenas requesting farmers turn over employee and payroll records for all employees. This is a part of a larger nationwide audit of 1,000 businesses. Please call Karen Cartier at 1-888-589-6455 ext. 5669 with any questions or if you are audited. **Resources are available on [MyDairylea.com](http://MyDairylea.com).**
